PROFILE

I am a computer science student at Tshwane University of Technology (TUT), passionate about technology and its transformative potential. My academic pursuits and practical experiences have fueled my enthusiasm for exploring innovative solutions and staying abreast of emerging trends in the field. As a dedicated learner, I am committed to leveraging my skills and knowledge to contribute meaningfully to the ever-evolving landscape of technology.

EDUCATION

2022 – now

Polokwane, South Africa

Computer Science | Diploma Tshwane University of Technology

As a student, I specialize in Java programming, web development, and mobile development. Through my coursework and practical projects, I have gained a solid understanding of Java programming language, enabling me to develop robust and efficient applications. Additionally, my proficiency in web development equips me with the skills to create dynamic and responsive websites using HTML, CSS, and JavaScript. Furthermore, my knowledge of mobile development allows me to design and build mobile applications for Android and platform, ensuring seamless user experiences across different devices. My diverse skill set in these areas empowers me to tackle various challenges and pursue innovative solutions in the ever-evolving landscape of technology.
